EXCELLENT BURLINGAME SCHOOLS

Vote Yes on Measure M to repair aging classrooms and labs so that Burlingame students are prepared to excel in the modern world.

Burlingame School District provides an exceptional education for local elementary and middle school students, yet outdated schools – some of which are over 100 years old – are in serious need of repair.

Measure M provides dedicated, locally controlled funding to support a safe and modern learning environment for local students. Voting Yes on M will replace deteriorating classrooms and old portables so that teachers can focus on providing students with excellent instruction in core academics like math, science, reading and writing.

We need Measure M to prepare our students for success in high school, college and beyond. Updated computers and classroom technology will ensure our students take the next step ready to compete for high-demand jobs in science, technology and engineering.

## Yes on M – Necessary Repairs for Modern Burlingame Schools

- Repair classrooms to provide access for students with disabilities
- Fix leaking roofs and remove lead and asbestos where found
- Update classrooms, libraries and educational facilities to meet current earthquake, fire and safety codes
- Protect student safety and security by creating single point entries at all schools
- Ensure hands-on science, technology and engineering labs are up to the same 21st-century standards

## Every Penny Stays Here in Burlingame

- All money raised will be controlled locally to support local elementary and middle schools and cannot be taken away by the State
- Independent citizen oversight and annual audits are required
- No money can be used for administrator salaries

While some of our schools have been renovated recently, others have not, and all local students deserve equal access to safe and up-to-date classrooms. Join us in voting Yes on M – modern Burlingame schools equipped for 21st-century student success.
